Oral presenters are expected to register with a paid registration fee and to attend the Conference in person.

For each oral presentation 12 min of time is allocated + 3 min for discussion.

PowerPoint will be the only method of presentation available.

It is recommended that the presentation does not contain more than 15 slides.

You are requested to bring your presentation on USB in the morning of the allocated day and to download it on the laptop that will be available in the allocated room or at least 5-10 min before session beginning.

All speakers are requested to switch the slides by themselves.
